Request for Permission

Progress Thru Processors is requesting permission to do the following:

Access my basic information
includes name, profile picture, gender, networks, user ID, list of friends, and any other information I've shared with everyone.

Use of this data is subject to the Progress Thru Processors privacy policy. Report Application

Logged in as Ken Kesey (Not You?)

Allow Leave Application
1) New to Volunteer Computing?

- Yes
- No, I have a GridRepublic, BOINC, or World Community Grid Account

2) Pick your Projects

We're currently supporting the below projects. We encourage you to join one or all:

- Rosetta@home
- Climateprediction.net
- Africa@home

You can come back and add other projects after registration, including all BOINC projects.

3) Select Your Platform

Please select...

Continue

Intel and GridRepublic are committed to respecting your privacy. By adding and installing Progress Thru Processors, you are permitting the Progress Thru Processors application and GridRepublic (who provide the web services which power Progress Thru Processors), to access your profile information. Such information will be used only for the purposes of your participation in volunteer computing and the social features of Progress Thru Processors and/or GridRepublic. Intel will not be accessing your information for any reason.
Account Creation

Your account is being created, please wait.

Your account should be created in less than a minute. If this page is shown for longer, click here.
4) Download & Install

Click below to download the Progress Thru Processors desktop software, which you'll need to install on your computer.

After clicking, your browser may ask you whether to allow the download; if so, click to approve.

Download
• **One-click installer**
  - install and attach with no user input
  - returns user to Facebook upon completion
  - default install to sandboxed configuration
  - auto-detect proxy [in progress]

• **Custom Skin**

• **Custom Screensaver**
Allow Newsfeed Items?

With your permission, Progress Thru Processors will occasionally post to your newsfeed with updates about your contributions. This is a great way to track your progress and to spread the word.

You can always change your mind later, via the application "Settings" page.
